

## SAE Creative Media Institute Sydney - FACT SHEET -

The technologically advanced new SAE Sydney campus offers government-approved and internationally recognised Degrees, Associate Degrees, Diplomas and Certificates, in the areas of *Audio, Film, Animation, Games, Design* and *Web & Mobile*. Students have access to seven stories of world-class audio, film and graphic suites, where they will be able to create, design, record and produce their projects to an industry-standard. The campus has been purpose-designed to provide a modern and technically interactive teaching and learning space where students can master their creative skills in multimedia.

### KEY MESSAGES

- SAE Sydney is the largest dedicated creative media education institute in Sydney
- The vibrant seven-storey campus opened 30 January to new O-Week students – with Trimester 1 classes commencing Monday 6 February
- The \$12m campus spans 4,200 m<sup>2</sup> - more than double the size of the previous campus
- Located at 39 Regent Street, in Sydney's creative and cultural hub of Chippendale, conveniently located next to Central Station and features a rooftop recreation space offering amazing views across the city
- The campus has been purpose-designed to provide a modern and fun teaching and learning space where students can hone their creative skills
- The building features flexible study environments and designated areas for collaboration between students in different disciplines, such as film, audio, gaming and design
- Audio and film students will have access to a new acoustically treated Green Screen room equipped for recordings of large bands, small orchestras and choirs
- Overlooking this space are high-end audio and film suites where students will be able to produce their recording projects as well as industry-standard music video clips and even live broadcasts
